

Console Cover

ACCESSORIES

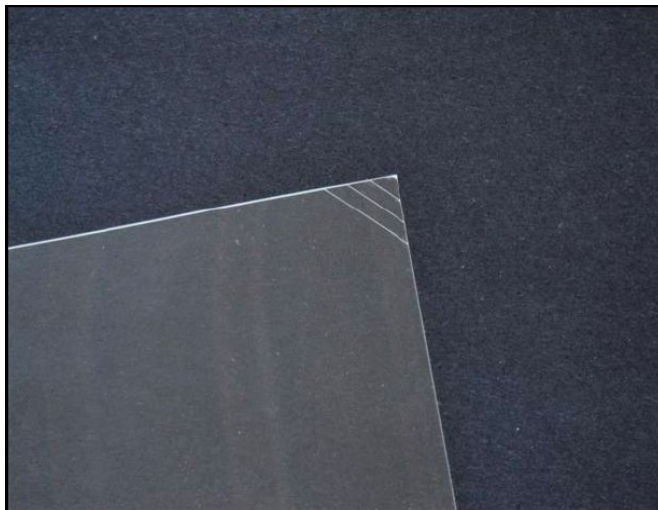

Protect Your Controls While Keeping Them Visible!

Take care of the equipment that takes care of you. The control box is one of the most important components of your JLG boom lift. Protect it from the harmful elements with the help of the Console Cover. The Console Cover now includes a new overlay system to prolong the life of your cover. The overlay consists of 4 clear, durable plastic layers. Simply peel a layer off as scratches and/or dirt accumulates, to produce an unobstructed view of your controls. Please contact the Parts Marketing team at 1-877-554-5438 or partsprograms@jlg.com for more information.

Features and Benefits:

- Extends the life of the console cover.
- Maintains clear visibility

Features and Benefits:

- Easy to install and simple to maintain, with four layers to peel off.
- Year-round durability.
